

Process compliance document - EMP050

Author: Skyler Chen | Role: Manager | Dept: HR

Location: Fremont | Date: 2025-02-22

This document covers the HR process compliance requirements for employee data governance. All HR personnel must adhere to GDPR data minimisation principles when handling personal data. Background check workflows are reviewed quarterly. Exit interview data is retained for 3 years. Performance review cycles are managed in the HRIS system.
